---

Projects:

The Cycle House (Full-Stack)   Live Site   Client Site Code   Server site code

- The user will be able to purchase any bicycle from this website and he will have to login to purchase.
- If the admin enters this website with anything other than admin email and password, he will not be able to see the admin dashboard.
- I create this website in Full MERN Stack Focused.

BD TRAVELS (Full-Stack)   Live Site   Client Site Code   Server site code

- Anyone who wants to travel anywhere in Bangladesh, then this website can use it.

- A normal user can only visit this website if booking is to be registered. And if you have registered before, then only if you login.
- I create this website in Full MERN Stack Focused.

Rajshahi Model Hospital   **Live Site**   **Code**

- This is a medical website where anyone can make a doctor's appointment according to their needs.
- If a user wants to make an appointment they must login using Google login.
- I am using React, React Bootstrap, React Router, Firebase Authentication.

Education:

- **SSC** (2019)
